Volvo V70, 2.4SE, Petrol. A truly unique find in this condition and with such low mileage. The car has been exceptionally well looked after, cared for and maintained, it also benefits from having a full Volvo service history. The car has no dents, scratches or corrosion on the bodywork, the leather interior is in remarkable condition and all four alloy wheels are free from any curbing or corrosion, to give you an idea of how nice this example is, it featured on our stand at the N.E.C Birmingham Motorshow in March 2019 and is due to appear in a motoring magazine soon. The car comes with a comprehensive parts and labour warranty which is backed by ourselves and can be used nationwide, it also goes through a thorough inspection and has a new M.O.T prior to delivery. Please note, we have two other Volvo V70's with extreme low mileage in stock that are not yet advertised.
